

[Re-Build Syria 2017 Exhibition.](#)

Starting from an experience of 16 years and more in organizing exhibitions and after 2 editions, Re-Build Syria 2017 is the 3rd international commercial exhibition specialized in Construction Materials, Equipment and Environmental Technology.

Al Bashek est. has firmly established its event as the pioneer international exhibition in Syria to unlock the way for the local & international companies to Syria's growing market for the one goal of Rehabilitation of the Syrian people and the Rebuilding of the country.

The last two editions were the first successful steps for many years to come. Both events attracted companies from many countries, business delegations and diplomats from different embassies.

The events helped with opening new connections for the exhibitors to the governmental personnel to take action in the rebuilding phase of Syria.

Projects we aim to achieve:

- Legislative Decree 66: Planning "Kafar Sousah and Mazzeh " project // behind Ar-Razi // .
- Damas Suburb:
- Recycling and Utilizing the Building Ruins: It is mainly based on benefiting from the huge amount of the destroyed buildings and its ruins, and using the recycled materials for road infrastructure.
- Demas Suburb: to build a new suburb with around 40 thousand apartments, it also includes malls, restaurants, a Golf Course and a media city production called "Hollywood Belad al Sham" which will have a promotional role for the Syrian civilization.
- Electric train: to provide a transfer means which will connect the suburbs to Damascus City and also to the international airport of Damascus. It will be a realistic solution to solve the transportation problem and more importantly it will be an Environment-friendly means of transport.
- Al Shaer Project in Al Souida City: A Tourist Project has already started and was set to cost around (3 Billion Sp)

All these project and many more will be covered through the exhibition. And the rebuilding process has already begun in the safe cities in Syria.

Re-Build Syria 2017 will grant you the way to the Multibillion Construction market in Syria and exhibit your products and services.

Best Regards
Salma Janat
